Cancellation Policy

Unscheduled Cancellation:

I know that things come up and I want to be able to accommodate you when they do! If you can let me know you will be missing your lesson by 8am on the day of the lesson, we can find a time to make up your lesson. After 8am, I cannot offer a makeup. One unscheduled cancellation each month can be made up within 30 days. After 30 days, that lesson is forfeited. Additional cancellations in the same month are paid for.

Advance Cancellation:

If you are aware of a school holiday, vacation, or other time conflict, you may cancel that lesson without charge if done so before the 1st of the month. Please double check your calendars when making your payment for the coming month.

My Cancellation:

If I cancel our lesson, I will find a time for us to make it up within 30 days. If we can't find a time, I will credit the lesson.

Discontinuing Lessons:

If you are considering putting lessons on hold or discontinuing, I ask for 2 weeks notice and any remaining paid lessons cannot be refunded.

Thank you so much for your trust and confidence in me as your music teacher! Our relationship is very special to me as I consider you part of my musical family.
